

Barrett to introduce a bill and I need 30 votes if we are going to do this. Thank you. Record, Mr. Clerk.

CLERK: 31 ayes, 1 nay, Mr. President, to introduce a new bill.

SPEAKER NICHOL: The bill is introduced.

CLERK: Mr. President, new bill, LB 719 offered by the Business and Labor Committee. (Read for the first time by title. See page 1043 of the Legislative Journal.)

SPEAKER NICHOL: Senator Barrett. Excuse me, you are all through, no more bills? All right, thank you. Now we will move on to LB 662. Mr. Clerk, where were we yesterday when we left off.

CLERK: Mr. President, LB 662 was considered for most of the day yesterday. The E & R amendments to the bill were adopted. There were two amendments by Senator Vickers that were adopted. I have a motion from Senator Johnson I understand he wishes to withdraw, Mr. President, regarding a rule suspension. The next amendment I have is by Senator Landis, Mr. President. Senator Landis would move to amend the bill. Would you like me to read, Senator....

SPEAKER NICHOL: (Gavel) May I have your attention. We are a little on the noisy side this morning, ladies and gentlemen, and the citizens in the balcony are very quiet which we appreciate but you down on the floor are a little noisy which is not all that appreciated. So if you would kindly hold it down, we would appreciate that. Mr. Clerk.

CLERK: Mr. President, Senator Landis would move to amend. (Read Landis amendment found on page 1043 of the Legislative Journal.)

SPEAKER NICHOL: Okay, Senator Landis.

SENATOR LANDIS: Mr. Speaker and members of the Legislature, this is another form of a concern that was brought to us yesterday about understanding and implementing carefully LB 662. At that time I said I don't want to put off facing up to the goal of the bill. At the same time it seems fair that we have a clear understanding of the rules under which 662 would apply in 1989. To put off the implementation date
